

**Meet Mercy Touch Mission New Children
They all need sponsors of \$40 a month.**

Elnait Chawanzi Tembo, 8 years old, born in 2005. Both her parents have passed away. She was being taken care of by her grandparents who no longer could take care of her. She is outgoing, always laughing and loves to be a leader.

Oxilia Chewe, 10 years old, born November 6, 2003. Both parents are deceased. She has a loveable personality, always smiling and helping around the house. She is inquisitive in a lot of things and wants to learn.

Mafunase Phiri, 9 years old, born in 2004. Both parents are deceased. She and her sister Hilda live in Mercy Touch house now. Mafunase has a big personality and likes making people laugh. She is a girl who wants everyone to have a good time.

EMELDAH MULUBWA, 9 years old, born in 2004. Both her parents are deceased. Her grandmother was getting too old to take care of her and was recommended to us by community workers. She is a smart young girl, who loves to give hug, loves going to school and asking questions.

Naomy Mwape, 5 years old, born November 21, 2008. Both her parents are dead. She is a very shy girl at first, but then comes out of her shell and is quite funny.

Mercy Chilfuya, 5 years old, born September 21, 2008. Her mother died from giving birth to Mercy and the father died because of sickness. She was being taken care of by her grandmother who could no longer take care of her. She is a hyper active girl, who loves to hold your hand and ask a lot of questions. She also loves to pray.

Faides Ngosa, is four years old, born November 24, 2008. Both her parents have passed away. She likes to pretend she is quiet but she talks a lot and likes to hangout with Mercy and Naomi playing games.

Hilda Mbitha, is 12 years old, born December 6, 2001. Both parents are deceased. She is a bright girl, who loves to help around the house, to learn and read books.

JOHN AND MICHAEL PHIRI, 13 years old twins. Their mother passed away and their father's whereabouts are unknown. Their primary caregiver was their aunty who no longer could take care of them and abandoned them. They were in danger of starvation but we have taken them into our Mercy Touch boys' home. Maiko is HIV positive and is now getting medicine so that he can be healthy. They love to laugh and to ask a lot of questions. When we enrolled them in school the teachers were surprised how smart they were since they have never been to school.
